7.1 Sum

The function **Sum** returns the sum of the elements in fields. The function can be realised by the Greek letter Σ .

Example: $z = \text{sum}(x)$

$x = [9, 7, 2, 8, 12, 3, 5]$

$\text{sum}(x) = 46$

$\Sigma(x) = 46$

8.0 Keyboard

The decimal key below the numeric keypad (point / comma) produces a decimal point always, regardless of the country setting.

New shortcut keys in text boxes (XP SP1, W7, W8):

Ctrl + Shift + L : bullet style

Ctrl + Shift + Right Arrow : increase font size

Ctrl + Shift + Left Arrow : decrease font size
